

PiGNX[®]

Caulking Gel

PIGEON REPELLENT

Deters pigeons from congregating, roosting and returning. PiGNX Caulking Gel[®] is a repellent and deterrent. For use indoors and outdoors.

ACTIVE INGREDIENT:

CAPSAICIN	0.0357%
OTHER INGREDIENTS: ...	99.9643%
TOTAL	100.0000%

KEEP OUT OF REACH OF CHILDREN CAUTION

EPA Registration Number: 84418-1
EPA Establishment Number: 085002-CA-001
Net Contents: 10 oz

When PiGNX[®] Caulking Gel is applied according to application specifications, pigeons will not return to treated area for 30 days or longer if gel is left intact and undisturbed. Reapplications will be required on an as needed basis in areas of high pigeon pressure or where the product has been disturbed or removed due to foot contact by pigeons.

USE AS DIRECTED. PLEASE READ ENTIRE LABEL PRIOR TO USE.

Apply one 10 oz tube of PiGNX[®] Caulking Gel for every ten (10) linear feet using a ½ inch bead. Do not apply more than one 10 oz tube per application (.00357 oz active ingredient/10 linear feet). Apply PiGNX[®] where pigeons most heavily roost, gather and reproduce. PiGNX[®] can be applied to indoor and outdoor surfaces, which include wood, metal, plastic, tile, brick, cinderblock, and cement. Typical commercial application areas include, but are not limited to, buildings (such as rooftops, canopies, windowsills, ledges, beams, conduits, water lines, awnings, parapets, fascias, sub roofs and walls and cooling units) and other structures (such as statues, bridges, signs, sheds and overhangs). Apply PiGNX[®] at 20°F to 90°F (-7°C to 32°C). Do not apply in wet or snowy weather for best results. Installation works best when surfaces are clean and dry. Easy-to-apply tubes fit into a standard caulking gun.

Precautionary Statements

HAZARDS TO HUMANS and DOMESTIC ANIMALS / CAUTION

Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating or drinking, chewing gum, or using tobacco. For MSDS, contact 1-866-744-6988 (866PiGNX88).

FIRST AID

If Swallowed:

- Call a poison center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.

If On Skin

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison center or doctor for treatment advice.

If In Eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor immediately for treatment advice.

FIRST AID SECTION CONTINUED: HOTLINE

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of emergency, call 1-800-222-1222 US PST 6AM to 6PM.

Environmental Hazards:

FOR TERRESTRIAL USES: This product may be toxic to aquatic organisms. Do not apply to or allow runoff to reach lakes, streams or ponds. Do not contaminate water by cleaning off equipment or disposal of equipment wastewater or rinsate. Do not dump water into sewers or other bodies of water.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in any manner inconsistent with its labeling.

APPLICATION INSTRUCTIONS: Use one 10 oz tube for every ten (10) linear feet. Lay down a continuous bead of PiGNX[®] Caulking Gel in a zigzag pattern using at least a ½ inch bead that will allow the pigeons to easily and frequently step on the gel (larger bead up to 1 inch is acceptable depending on treatment surface characteristics). Use as necessary to treat roosting areas to ensure complete bird dislocation is maintained. Clean and dry surfaces before application for best results. If surface cannot be cleaned before application, PiGNX[®] can be applied on top of soiled and damp surfaces if necessary. For best results, clean and wipe dirt from application surface prior to application. Do not expose yourself directly to bird feces.

1. Cut end tube off at nozzle stem.
2. Screw on applicator nozzle and use directly or cut off nozzle tip for a larger bead halfway down the applicator nozzle.
3. Load and lock PiGNX[®] tube into standard caulking gun.
4. Slowly pull caulking gun trigger. There is very little product resistance - be careful as it can quickly come out of the tube.
5. Lay down a continuous bead of PiGNX[®] Caulking Gel in a zigzag pattern so birds will step in gel.
6. Excess applied gel from tube may be cleaned with a clean, dry rag or paper towel.

Apply to surface areas where pigeons frequent. To ensure thorough coverage, treat areas that pigeons use to roost on, such as those listed on the label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not store this product above 100°F or below 20° F for extended periods of time. Keep containers tightly closed and product in original containers when not in use.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. If not available, dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

WARRANTY

To the extent consistent with applicable law, PiGNX warrants that this product conforms to the chemical description on the product label and is reasonably fit when used in accordance with the directions for use. However, it is impossible to eliminate all risks inherently associated with the use of this product. This warranty does not extend to the use of this product in a manner inconsistent with its labeling or when used under abnormal conditions, such as adverse weather conditions and presence of other materials. These factors are beyond the control of PiGNX or the Seller. All such risks shall be assumed by the Buyer.

To the extent consistent with applicable law, PiGNX makes no other express or implied warranty and it expressly excludes and disclaims all implied warranties of fitness or merchantability for a particular purpose. To the extent consistent with applicable law, PiGNX or the Seller are not liable for consequential, special, or indirect damages resulting from the use or handling of this product.

Recommend Usage: Bird Repellant

Other identifier: Mixture

EPA Registration - 84418-1EPA

Establishment - 085002-CA-001

Product Name: PiGNX®

Section 2: Hazards Identification

Classification of the Mixture: Semi-Solid

Most Important Hazards: This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

Hazard Classifications: N/A

Signal Word: None

Hazard Pictograms: None

Hazard Statements: None

Precautionary Statements: None

Carcinogenicity:

IARC	No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by IARC.
OSHA	No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by OSHA.
NTP	No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by NTP.

Section 3: Composition Information on Ingredients

Ingredient	Weight %	CAS #
White Mineral Oil-food grade	80-90	8042-47-5
Silane, dichlorodimethyl-, reaction products with silica	10-15	68611-44-9

To the knowledge of the supplier, there are no other ingredients in this product that are classified as hazardous.

Section 4: First Aid Measures

<u>Eyes:</u>	Flush eyes with running water for at least 15 minutes. If redness, burning, blurred vision or irritation persists, seek medical treatment.
<u>Skin:</u>	Flush skin with water, wash with soap and water. If irritation occurs, get medical attention. Remove contaminated clothing.
<u>Ingestion:</u>	Do NOT induce vomiting and obtain medical attention. Have victim rinse mouth out with water.

Section 5: Fire Fighting Measures

Base Oil Flash Point (ASTM D92):	>200F
Auto Ignition Temperature:	Not Determined
Suitable Extinguishing Media:	Carbon Dioxide (CO ₂) Dry powder
Special Firefighting Measures:	Procedures for an oil fire should be utilized. Water may be used <u>only</u> to keep surrounding area cool.

Section 6: Accidental Release Measures

Personal Precautions/Procedures:	None should be required under normal use.
Environmental Precautions:	This product may be toxic to aquatic organisms. Do not contaminate water. Do not flush to sanitary sewer system.
Methods and Materials for Containment/Clean Up:	Contain spillage, soak up with non-combustible absorbent material (e.g. sand, earth, diatomaceous earth, vermiculite) and transfer to a container for disposal according to local/national regulations (see section 13).

Section 7: Handling and Storage

Handling and Storage Precautions	Avoid heat, open flames, including pilot lights, and strong oxidizing agents. Avoid contact with eyes, skin, and clothing. Wash thoroughly after handling. Do not eat, drink, or smoke when using this product.
---	--

Section 8: Personal Protection/Exposure Controls

Engineering Controls:	None required under normal use.
Respiratory Protection:	None required under normal use.
Skin Protection:	Avoid getting on skin. Wash off immediately.
Eye Protection:	Not necessary under normal. Have suitable eye wash water available.

Section 9: Physical and Chemical Properties

Color:	white
Appearance:	Semi-solid
Specific Gravity:	0.8-0.9
Solubility in Water:	Insoluble
Vapor Pressure:	Not Determined
%Volatile by Volume:	Not Determined
Evaporation Rate:	Not Determined
Odor:	Characteristic
Vapor Density (air = 1):	Not Determined
Boiling Point:	Not Determined
Reactivity in Water:	Not Reactive

Section 10: Stability and Reactivity

Stability:	The product is stable.
Conditions to Avoid:	Sources of ignition.
Incompatibility:	Strong oxidizing or reducing agents.
Decomposition Products:	Oxides of carbon and hydrogen.
Hazardous Polymerization:	Will not occur.

Section 11: Stability and Reactivity

Likely Routes of Exposure:	Inhalation, skin, eyes, and ingestion.
Potential Health Effects:	
Eye Effects:	May cause irritation, redness, burns, and tissue destruction.
Skin Effects:	May cause inflammation, and significant irritation.
Oral Effects:	May cause irritation, nausea, and vomiting if swallowed.
Inhalation Effects:	May cause respiratory tract irritation.
Chronic Health Effects:	No data available to indicate product or components present in mixture are chronic health hazards.
Mutagenicity:	Negative
Reproductive Effects:	Not Determined
Teratogenicity:	Not Determined
Sensitization:	May cause sensitization in some individuals.
Toxicological Data:	Not Determined

Section 12: Ecological Information

Not classified.

Section 13: Disposal Considerations

Avoid release to the aquatic environment. Dispose in a safe manner in accordance with national, state and local regulations.

Section 14: Transportation Information

Proper Shipping Name:	Oil; NOT REGULATED AS A HAZARDOUS MATERIAL FOR TRANSPORTATION UNDER 49 CFR.
DOT Shipping Label:	Not Regulated by DOT.
TDG Classification:	Not controlled under TDG (Canada)

Section 15: Regulatory Information

U.S. Federal Regulatory Information

SARA 302 Threshold Planning Quantity:	N/A
SARA 304 Reportable Quantity:	N/A
Sara 311 Categories:	
Acute Health Effects:	None
Chronic Health Effects:	None
Fire Hazard:	No
Sudden Release of Pressure Hazard:	No
Reactivity Hazard:	No
EPA/TSCA Inventory:	Listed
EPA Classification Code:	N/A
CERCLA:	No components are subject to reporting.
Sara Title III-Section 313 Supplier Notification:	No components listed in this product exceed the DE Minimus reporting level established by SARA Title III< Section 313 and 40 CFR 372.
WHMIS Classification:	See Section 2.
Other Regulations:	All components of this formulation are listed on the CEPA-DSL
Prop 65 Reportable	None

Section 16: Other Information

NFPA Hazard Rating:

Health: 0 Negligible

Flammability: 0 Slight

Reactivity: 0 Negligible
